MEDICAL SERVICE ORGANIZATIONS

Subchapter 1: GENERAL PROVISIONS

§2301. PURPOSES

Any corporation organized under special Act of the Legislature, under Title 13, chapter 81 or as a public benefit corporation under Title 13-B for the following purposes may be authorized by the superintendent on the terms and conditions provided for in this chapter, except that when such a corporation was previously organized by special Act of the Legislature, this chapter does not apply when inconsistent with that Act as previously amended: [2003, c. 171, §9 (AMD) .]

1. Nonprofit hospital service plans. To establish, maintain and operate nonprofit hospital service plans whereby hospital care may be provided by hospitals or groups of hospitals with which such a corporation has a contract for that purpose to those persons or groups of persons who become subscribers to that plan under a contract that entitles each subscriber to certain hospital care, and the hospital or hospitals contracting with such a corporation are governed by this chapter and by the provisions of Title 24-A that are applicable as provided in this chapter;

[1993, c. 702, Pt. A, §1 (AMD) .]

2. Nonprofit medical service plans. To establish, maintain and operate nonprofit medical service plans whereby medical or surgical service is provided to those persons or groups of persons who become subscribers to such a plan under contracts with such a corporation, either in the capacity of principal or in the capacity of agent of other nonprofit medical service corporations or insurance companies authorized to do business in this State, and the physician or physicians contracting with such a corporation are governed by this chapter and by the provisions of Title 24-A that are applicable as provided in this chapter;

[1993, c. 702, Pt. A, §1 (AMD) .]

3. Nonprofit health care plans. To establish, maintain and operate nonprofit health care plans whereby health care services not covered under subsections 1 and 2 may be provided, by institutions or persons licensed for that purpose by the State, when licensure is required, with which such a corporation has a contract for that purpose, to those persons or groups of persons who become subscribers to such a plan under a contract that entitles each subscriber to certain specific health care, and the institution or persons contracting with such a corporation are governed by this chapter and by the provisions of Title 24-A that are applicable as provided in this chapter;

[1993, c. 702, Pt. A, §1 (AMD) .]

3-A. Integrated medical service plans; indemnity health care contracts; health care plan administration. A corporation subject to this chapter that maintains a nonprofit hospital service plan, a nonprofit medical service plan or a nonprofit health care plan in accordance with subsections 1, 2 or 3 may, in addition:

A. Issue and maintain in force indemnity health care contracts whereby persons or groups of persons who are contract holders may be indemnified by that corporation for expenses for hospital care, medical or surgical services or other health care services. An indemnity contract issued pursuant to the authority

established by this section is subject to all the requirements relating to content and interpretation of such policies and contracts that apply to policies of the same kind of insurance as set forth in Title 24-A; [1993, c. 702, Pt. A, §1 (NEW).]

B. Issue and maintain in force employee benefit excess insurance as defined in Title 24-A, section 707, subsection 1, paragraph C-1 with respect to health insurance and underlying risks that the corporation is authorized to cover under this chapter; [1999, c. 256, Pt. M, §1 (AMD).]

C. Issue and maintain in force hospital, medical service and health care plans and contracts that include health care benefits for workplace and nonworkplace injury and illness in accordance with Title 39-A, section 403, subsection 2; [1993, c. 702, Pt. A, §1 (NEW).]

D. Receive or collect charges, contributions or premiums, adjust or settle claims, and perform related administrative, management, accounting, bookkeeping and advisory functions on behalf of any plan, fund or program established or maintained by a plan sponsor, health care services plan, health maintenance organization, health care provider or insurer, including plans, funds or programs established or maintained to provide through insurance or alternatives to insurance a type of life, annuity, health or workers' compensation benefit, except that nothing in this subsection may be interpreted as authorizing a nonprofit hospital, medical or health care service corporation to assume insurance risks not related to health care under contracts for life or workers' compensation insurance or annuities; [1993, c. 702, Pt. A, §1 (NEW).]

E. Establish, maintain, own, merge with, organize and operate a health maintenance organization directly as a division or line of business of the corporation, or indirectly as a subsidiary or affiliate of the corporation, pursuant to Title 24-A, chapter 56, which health maintenance organization has all of the rights and powers and is subject to all of the duties and responsibilities of a separately organized health maintenance organization under that chapter. A corporation subject to this chapter that engages in such activities may not be deemed to be practicing medicine and is exempt from provisions of law relating to the practice of medicine; and [1993, c. 702, Pt. A, §1 (NEW).]

F. Perform, on behalf of others, clerical, bookkeeping, accounting, statistical, management, personnel, marketing or similar services related to the provision of health care or health care financing, or establish, maintain, own and operate entities, independently or with others, to perform such services; [1993, c. 702, Pt. A, §1 (NEW).]

[1999, c. 256, Pt. M, §1 (AMD).]

3-B. Hospital and medical service business exclusive. A hospital or medical service corporation may not engage in a business other than the business of hospital or medical service corporations as set forth in this section and in business activities reasonably and necessarily related to that business, except that:

A. A hospital or medical service corporation may also engage in activities reasonably necessary to the management, supervision, servicing and protection of its lawful investments; [1993, c. 702, Pt. A, §1 (NEW).]

[1993, c. 702, Pt. A, §1 (NEW).]

3-C. Nonprofit purposes. A nonprofit hospital and medical service organization that is authorized to provide nonprofit hospital service plans under subsection 1, nonprofit medical service plans pursuant to subsection 2 or nonprofit health care plans pursuant to subsection 3 is a charitable and benevolent institution, in accordance with Title 5, section 194-A, and a public charity and its assets are held for the purpose of fulfilling the charitable purposes of the organization, which purposes may include, but are not limited to,

the following: providing access to medical care through affordable health insurance and affordable managed care products for persons of all incomes; identifying and addressing the State's unmet health care needs, particularly with respect to medically uninsured and underserved populations; making services and care available through participating providers; and improving the quality of care for medically uninsured and underserved populations.

[2003, c. 171, §10 (AMD) .]

4. Inadvertent payments. If direct payment is inadvertently made to a hospital, physician or other provider of medical services or health care by or on behalf of a subscriber or member, a corporation may reimburse the subscriber up to the amount payable under the plan to a hospital, a physician or other provider of medical services or health care;

[1993, c. 702, Pt. A, §1 (AMD) .]

5. Principal or agent. [1993, c. 702, Pt. A, §1 (AMD) .]

6. Contracts and agreements. To contract with any similar corporations in other states for the joint administration of their business and to enter into reciprocal arrangements for the mutual benefit of their subscribers;

[1993, c. 702, Pt. A, §1 (AMD) .]

7. Administrative services. A corporation has the right to utilize its organization and facilities, either directly or through another legal entity owned by it and similar corporations located in other states, to perform services for the United States or State or the units or agencies of either; or any public charity involved in health care;

[2003, c. 171, §11 (AMD) .]

8. Right to contract. The State or any county, city, town or other quasi-municipal corporation has the same right to contract with a corporation subject to this chapter as it has under Title 24-A, section 4501 with respect to insurers;

[1993, c. 702, Pt. A, §1 (AMD) .]

8-A. Managed care plans. With respect to managed care plans that require subscribers to select primary care physicians, a corporation subject to this chapter must meet the following requirements:

A. The corporation shall offer to groups of all sizes health benefit plans that meet the requirements for standardized health plans specified in Bureau of Insurance Rules, Chapter 750; [1993, c. 702, Pt. A, §1 (NEW).]

B. The managed care plan must provide a spectrum of providers and services that meets patient demand; [1993, c. 702, Pt. A, §1 (NEW).]

C. The managed care plan must provide to its members reasonable access to health care services. The Superintendent of Insurance shall adopt rules that consider geographical and transportation problems in rural areas; and [1993, c. 702, Pt. A, §1 (NEW).]

D. The managed care plan must demonstrate a plan for providing services for rural and underserved populations and for developing relationships with essential community providers. The corporation must make an annual report to the Superintendent of Insurance regarding the plan. [1993, c. 702, Pt. A, §1 (NEW).]

[1993, c. 702, Pt. A, §1 (NEW) .]

9. Indemnity health care contracts.

[1993, c. 702, Pt. A, §1 (RP) .]

9-A. Investments. Investments by corporations subject to this chapter are governed by this paragraph.

A. A corporation subject to this chapter may invest funds in the same manner and to the same extent as domestic mutual insurers under the provisions of Title 24-A, chapter 13-A and shall maintain reserves for possible losses or fluctuation in the value of investments as contemplated in Title 24-A, section 901-A, subsection 2. Those reserves must comprehend, at a minimum, an asset valuation reserve and an income maintenance reserve calculated by methods that are consistent with standards that have been adopted by the superintendent for management of investment risk by life and health insurers. [2001, c. 72, §1 (AMD).]

B. Any limitation stated in Title 24-A, chapter 13-A on the investment powers of a mutual domestic insurer expressed in relation to the "surplus" of that insurer must be applied to a corporation subject to this chapter in relation to that corporation's subscriber reserves. [1993, c. 702, Pt. A, §1 (NEW) .]

C. Notwithstanding the limitation stated in Title 24-A, section 1156, subsection 2, paragraph D, a hospital or medical service corporation may invest in real property or interests in real property that is located in the United States, held directly or evidenced by partnership interests, stock of corporations, trust certificates or other instruments and acquired:

- (1) As an investment for the production of income or to be improved or developed for that investment purpose; or
- (2) For the convenient accommodation of the corporation's business.

After giving effect to any of those investments, the aggregate amount of investments made under subparagraph (1) may not exceed 20% of the hospital or medical service corporation's total admitted assets; the aggregate amount of investments made under subparagraph (2) may not exceed 15% of the corporation's total admitted assets; and the aggregate amount of investments made under this paragraph may not exceed 25% of the corporation's total admitted assets. Investments under subparagraph (1) in any single property, including improvements on that property, may not in the aggregate exceed 2% of the corporation's total admitted assets. [1993, c. 702, Pt. A, §1 (NEW).]

D. In addition to the investments permitted under paragraph C, a hospital or medical service corporation that operates and establishes, maintains, merges with or organizes a health maintenance organization not organized as a separate legal entity may invest in real estate, including leasehold estates, for the convenient accommodation of the health maintenance organization's business, including hospitals, medical clinics, medical professional buildings and any other facility that is to be used by a provider in the provision of health care or by any other health care provider under contract with the health maintenance organization, and that facility must be used in the provision of health care services to members of the health maintenance organization by that provider.

- (1) A parcel of real estate acquired under this subsection may include excess space for rent to others if it is reasonably anticipated that that excess will be required for expansion or if the excess is reasonably required in order to have one or more buildings that function as an economic unit.
- (2) Real estate subject to this subsection may be subject to a mortgage.

(3) The admitted value of the investment may not exceed the greater of the hospital or medical service corporation's subscriber reserve or 20% of the corporation's admitted assets, and the aggregate investment in real estate held under paragraph C and under this paragraph may not exceed 40% of the corporation's admitted assets, except with the approval of the superintendent if the superintendent finds that those percentages of the corporation's admitted assets are insufficient to provide for the convenient accommodation of the health maintenance organization's business. Investments in any single property, including improvements on that property, may not in the aggregate exceed 5% of the corporation's total admitted assets. [1993, c. 702, Pt. A, §1 (NEW).]

E. Notwithstanding any provisions of this section and Title 24-A, chapter 13-A allowing other investments, a corporation subject to this chapter shall maintain cash or investment grade obligations, as defined in Title 24-A, section 1151-A, that at all times have a fair market value of not less than 100% of the corporation's liability for claims payable, incurred, but not reported, claims payable, unpaid claims adjustment expenses, unearned premiums and, as applicable, any statutory, special or additional reserves provided by the corporation for the benefit of subscribers as of the close of the corporation's most recent calendar quarter prepared on the basis of statutory accounting principles. If the corporation's liability for these enumerated items increases more than 10% prior to the end of the calendar quarter, the corporation must, within 10 days of the determination, reallocate its investments to ensure compliance with this paragraph. [1999, c. 715, §1 (AMD).]

F. The superintendent may establish risk-based capital standards applicable to corporations subject to this chapter, their subsidiaries and controlled affiliates that engage in health care related business activities that the parent corporation conducts. [1993, c. 702, Pt. A, §1 (NEW).]

G. A director, officer or employee of a corporation subject to this chapter who receives, collects, disburses or invests funds in connection with the activities of that organization is responsible for those funds in a fiduciary relationship to the corporation. [1993, c. 702, Pt. A, §1 (NEW).]

H. For corporations subject to this subsection, the following terms have the following meanings.

(1) "Admitted assets" means those assets owned by the corporation, recognized pursuant to Title 24-A, section 901-A, reduced in amount by any applicable provision of this Title or Title 24-A. For purposes of applying the investment limitations of Title 24-A, chapter 13-A, the asset value must be that contained in the annual statement of the corporation as of December 31st of the year next preceding the making of the investment or contained in an audited financial report, as defined in Title 24-A, section 221-A, of more current origin prepared on the basis of statutory accounting principles.

(2) "Subscriber reserves" means those reserves held by the corporation for the protection of subscribers that are the excess of the corporation's assets over its liabilities as set forth in the annual statement of the corporation as of December 31st of the year next preceding the making of the investment or contained in an audited financial report, as defined in Title 24-A, section 221-A, of more current origin prepared on the basis of statutory accounting principles; [2001, c. 72, §2 (AMD).]

[2001, c. 72, §§1, 2 (AMD) .]

9-B. Conversion to mutual insurer.

[2003, c. 171, §12 (RP) .]

9-C. Health maintenance organizations. A corporation subject to this chapter is not required to maintain separate reserves or surplus with respect to the operations of a health maintenance organization that is not a separate legal entity. All assets of the corporation must be available to pay claims arising from corporate operations, with the exception of assets supporting reserves set aside in accordance with a plan for the continuation of benefits to health maintenance organization members under Title 24-A, section 4204, subsection 7 and assets supporting additional reserves to the extent required by rules adopted by

the superintendent pursuant to Title 24-A, section 901-A. A hospital or medical service corporation that establishes and maintains a health maintenance organization not organized as a separate legal entity shall maintain separate accounting for the health maintenance organization;

[2001, c. 72, §3 (AMD) .]

9-D. Conversion to a domestic stock insurer. Conversion of a nonprofit hospital and medical service organization as defined in paragraph B, subparagraph (8) to a domestic stock insurer is governed by this subsection.

A. A nonprofit hospital and medical service organization or other entity authorized by the superintendent or organized pursuant to this chapter may convert to a domestic stock insurer subject to the provisions of this subsection. [2001, c. 550, Pt. B, §2 (AMD) .]

B. As used in this subsection, unless the context otherwise indicates, the following terms have the following meanings.

- (1) "Charitable trust" has the meaning set forth in Title 5, section 194-A, subsection 1, paragraph C.
 - (2) "Charitable trust plan" means the plan submitted to the Attorney General pursuant to Title 5, section 194-A, subsection 5.
 - (3) "Conversion" means the process by which an organization, with the approval of the superintendent, converts to a domestic stock insurer pursuant to this subsection.
 - (4) "Conversion plan" means a written plan that sets forth the provisions required by the superintendent, that is filed with the superintendent pursuant to this subsection, that sets forth a complete description of the proposed conversion and that contains sufficient detail to permit the superintendent to make the findings required under this subsection.
 - (5) "Converted stock insurer" means the domestic stock insurer resulting from a conversion pursuant to this subsection.
 - (6) "Fair market value" means the value of an organization or an affiliate or the value of the assets of such an entity determined as if the entity had voting stock outstanding and 100% of its stock were freely transferrable and available for purchase without restrictions. In determining fair market value, consideration must be given to value as a going concern, market value, investment or earnings value, net asset value and a control premium, if any.
 - (7) "Member" means a member of the organization entitled to vote under the articles or bylaws of the organization.
 - (8) "Nonprofit hospital and medical service organization" or "organization" means a corporation or other entity authorized by the superintendent or organized pursuant to this chapter for the purpose of providing nonprofit hospital service plans within the meaning of subsection 1, nonprofit medical service plans within the meaning of subsection 2 and any organization that provides only nonprofit health care plans within the meaning of subsection 3.
 - (10) "Subscriber" means an individual who has subscribed to one or more of the hospital, medical or health care service plans or contracts offered or issued by the organization or health insurance affiliate as defined in section 2308-A through an individual or family policy or group policy.
- [2003, c. 171, §13 (AMD) .]

C. A nonprofit hospital and medical service organization may, without the need for reincorporation, amend its charter pursuant to this subsection to become a domestic stock insurer under and pursuant to the terms and conditions of a conversion plan that complies with this subsection and is approved by the superintendent after an adjudicatory hearing on the proposed conversion. Notice of the hearing must be given to the public and the organization's directors or trustees, officers, employees, members and subscribers, all of whom have the right to appear and be heard at the hearing. Beginning on the date on which a conversion plan is filed with the superintendent for approval, the conversion plan must be

available for public inspection and copying at the office of the superintendent, at the principal executive office of the organization that filed the conversion plan and at other locations the superintendent designates. [1997, c. 344, §4 (NEW).]

D. Concurrent with the filing of the conversion plan with the superintendent, the organization shall file a charitable trust plan with the Attorney General pursuant to Title 5, section 194-A and submit a copy to the superintendent. The organization shall file a copy of the conversion plan with the Attorney General at the time the organization files the conversion plan with the superintendent. The superintendent shall commence review of the conversion plan pursuant to this subsection upon receipt by the superintendent of the Superior Court's approval or approval with modifications of the charitable trust plan or at such earlier time as the superintendent determines necessary. [1997, c. 344, §4 (NEW).]

E. The superintendent may not issue final approval of a conversion plan unless the superintendent finds that:

- (1) The terms and conditions of the conversion plan are fair and equitable and, in determining what is fair and equitable, consideration may be given to, but is not limited to, the factors set forth in paragraph L;
- (2) The conversion plan is subject to approval by the vote of not less than 2/3 of the organization's board of directors;
- (3) The conversion plan provides for the issuance of capital stock or assets of the converted stock insurer or a combination of stock and assets, without consideration, to the charitable trust equal to 100% of the fair market value of the organization;
- (5) Immediately after, and giving effect to the terms of, the conversion, the converted stock insurer would be in safe and sound financial condition and would have paid-in capital stock and surplus in amounts not less than the minimum paid-in capital stock and surplus set forth under Title 24-A, section 410 required of a domestic stock insurer authorized to transact like kinds of insurance;
- (7) The conversion plan provides that during the first 3 years after the conversion, to avoid dilution of the value of the shares issued in the conversion, the converted stock insurer and its affiliates may not issue shares greater in seniority, including voting rights or dividends, than the shares issued under the conversion plan. The superintendent may waive the provisions contained in this subparagraph if the superintendent, in the superintendent's sole discretion, determines that the charitable trust has control, as defined in Title 24-A, section 222, of the converted stock insurer;
- (8) The conversion plan is consistent with the charitable trust plan and does not adversely affect the distribution of the organization's value to the charitable trust; and
- (9) The conversion plan complies with all applicable law. [2003, c. 171, §14 (AMD).]

F. The conversion plan must include the proposed articles of incorporation and bylaws of the converted stock insurer and all references in this subsection to the conversion plan are deemed to include such instruments. [1997, c. 344, §4 (NEW).]

G. [2003, c. 171, §15 (RP).]

H. The conversion plan sets forth a comparative premium rate analysis of all the organization's plans and product offerings, comparing actual premium rates for the 3-year period before the filing of the conversion plan and projected premium rates for the 3-year period following the proposed conversion. The rate analysis must address the projected impact, if any, of the proposed conversion upon the cost to subscribers as well as the projected impact, if any, of the proposed conversion upon the organization's underwriting profit, investment income, tax position and loss and claim reserves, including the effect, if any, of adverse market or risk selection on reserves. [1997, c. 344, §4 (NEW).]

I. The conversion plan must include an appraisal of the fair market value, or range of values, of the aggregate equity of the converted stock insurer to be outstanding upon completion of the conversion plan and, if a range of values, the methodology for fixing a final value coincident with the completion of the transactions provided for in the conversion plan.

(1) The appraisal must enable determinations of value for purposes of the amount of cash or other assets that the charitable trust will be entitled to receive, without consideration, under the provisions of the conversion plan required by paragraph E, subparagraph (3).

(2) The appraisal required by this paragraph must be prepared by persons independent of the organization, experienced and expert in the area of corporate appraisal and acceptable to the superintendent. The appraisal must be in form and content acceptable to the superintendent and contain a complete and detailed description of the elements that make up the appraisal, justification for the methodology employed and sufficient support for the conclusions reached in the appraisal.

(3) To the extent that the appraisal is based on a capitalization of the pro forma income of the converted stock insurer, the appraisal must indicate the basis for determination of the income to be derived from any proceeds of the sale of stock and demonstrate the appropriateness of the earnings-multiple used, including assumptions made regarding future earnings growth.

(4) To the extent that the appraisal is based on the comparison of the capital stock of the converted stock insurer with outstanding capital stock of existing stock entities offering comparable insurance products, the existing stock entities must be reasonably comparable to the converting stock insurer in terms of such factors as size, market area, competitive conditions, profit history and expected future earnings.

(5) In those instances when the superintendent determines that the appraisal is materially deficient or substantially incomplete, the superintendent may deem the entire conversion plan materially deficient or substantially incomplete and decline to further process or reject the application for conversion.

(6) The converting organization shall submit to the superintendent information demonstrating to the satisfaction of the superintendent the independence and expertise of any person preparing the appraisal or related materials under this paragraph.

(7) An appraiser may not serve as an underwriter or selling agent under the same conversion plan and an affiliate of an appraiser may not act as an underwriter or selling agent unless procedures are followed and representations and warranties made to ensure that an appraiser is separate from the underwriter or selling agent affiliate and the underwriter or selling agent affiliate does not make recommendations or in any way have an impact on the appraisal.

(8) An appraiser may not receive any other fee except the fee for services rendered in connection with the appraisal. [2003, c. 171, §16 (AMD).]

J. A director, officer, agent or employee of the organization or any other person may not receive any fee, commission or other valuable consideration whatsoever other than that person's usual and regular salary and compensation for in any manner aiding, promoting or assisting in a conversion under this section or any related transaction, except as set forth in the conversion plan and approved by the superintendent. For the purposes of this paragraph, "usual and regular salary and compensation" does not include any salary, compensation or other economic benefit that is in any way contingent on completion of the conversion. This paragraph does not prohibit the payment of reasonable fees and compensation to attorneys-at-law, accountants and actuaries for services performed in the independent practice of their professions, even though also directors of the organization. [1997, c. 344, §4 (NEW).]

K. For the purpose of determining whether a conversion plan meets the requirements of this subsection and any other relevant provisions of this Title and Title 24-A, the superintendent may employ staff personnel and outside consultants including, without limitation, financial advisors, investment bankers, actuaries, attorneys and accountants. All costs related to the review of a conversion plan, including those costs attributable to the use of staff personnel, must be borne by the organization making the filing. [1997, c. 344, §4 (NEW).]

L. In making a determination under paragraph E, subparagraph (1) as to whether a conversion plan is fair and equitable, the superintendent shall consider, among other factors, the following:

(1) Whether the conversion plan complies with the provisions of and purposes of this subsection and any rules of the superintendent that may be adopted under this subsection; and

(2) Whether the conversion plan would adversely affect, in any manner, the services to be rendered to subscribers. [1997, c. 344, §4 (NEW).]

M. The superintendent may aggregate any transactions that are part of a plan or series of like transactions to determine whether those transactions constitute a conversion. [1997, c. 344, §4 (NEW).]

N. The superintendent, in the superintendent's sole discretion, may determine when an application for conversion under this subsection is complete and may request additional information from the organization as the superintendent determines necessary to review the application and conversion plan. The superintendent may also conduct an examination under Title 24-A, section 221 to obtain any information the superintendent determines necessary in connection with an application for conversion or transaction or series of transactions that the superintendent determines constitute a conversion under paragraph M. The failure of the organization to provide the information or cooperate in the examination, in addition to other applicable penalties, constitutes grounds for denial of the application for conversion. [1997, c. 344, §4 (NEW).]

O. The Attorney General has the right to intervene as a party in a proceeding before the superintendent and, if the Attorney General intervenes, has the right to receive any documents or other information received by the superintendent in connection with the proceeding. The Attorney General is subject to all confidentiality provisions that apply to the superintendent. [1997, c. 344, §4 (NEW).]

P. The superintendent may adopt rules, not inconsistent with the provisions of this subsection, the superintendent determines necessary or desirable and appropriate to effect the purposes of this subsection. Rules adopted under this subsection are routine technical rules pursuant to Title 5, chapter 375, subchapter II-A. [1997, c. 344, §4 (NEW).]

[2003, c. 171, §§13-16 (AMD) .]

10. Superintendent defined. As used in this chapter "superintendent" means the Superintendent of Insurance of this State; and

[1993, c. 702, Pt. A, §1 (AMD) .]

11. Separate accounts. A hospital or medical services corporation that issues indemnity contracts, contracts pursuant to hospital, medical or health care service plans or integrated medical service plans shall maintain separate accounting for each of these lines of business.

1. Definitions. As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Foreign health service plan" means a nonprofit hospital and medical service organization or similar nonprofit entity organized under the laws of another state. [1997, c. 344, §5 (NEW).]

B. "Health insurance affiliate" means any domestic for-profit stock insurer required to be authorized under Title 24-A, section 404 to provide health insurance or any domestic for-profit stock health maintenance organization required to be licensed under Title 24-A, chapter 56 that is formed, acquired, invested in or otherwise established, whether directly or indirectly, by a nonprofit hospital and medical service organization. [1997, c. 344, §5 (NEW).]

C. "Nonprofit hospital and medical service organization" or "organization" means a corporation or other entity authorized by the superintendent and organized pursuant to this chapter for the purpose of providing nonprofit hospital service plans within the meaning of section 2301, subsection 1, nonprofit medical service plans within the meaning of section 2301, subsection 2 and any organization that provides only nonprofit health care plans within the meaning of section 2301, subsection 3. [2003, c. 171, §17 (AMD).]

D. "Ownership interest" means any equity interest in a health insurance affiliate, including, without limitation, capital stock, voting securities, securities convertible into voting securities, general partnership shares, limited partnership shares, surplus notes or other interests possessing voting rights. [1997, c. 344, §5 (NEW).]

E. "Person" has the meaning set forth in Title 24-A, section 222, subsection 2, paragraph E. [1997, c. 344, §5 (NEW).]

[2003, c. 171, §17 (AMD).]

2. Authorization. A nonprofit hospital and medical service organization may not, directly or indirectly, form, acquire, invest in or otherwise establish a health insurance affiliate unless:

A. The organization has substantial control over the health insurance affiliate, which control for purposes of this section must be satisfied by:

- (1) Ownership of 50% or more of the outstanding ownership interests of the health insurance affiliate;
- (2) Ownership of or the power to vote, directly or indirectly, 50% or more of the voting securities of the health insurance affiliate;
- (3) The legal authority to prevent any change in the articles of incorporation, bylaws or other establishing or governing documents of the health insurance affiliate without its consent;

- (5) Fifty percent or more control of the management policies or operations of the health insurance affiliate.

An organization that does not meet the requirements of subparagraphs (1), (2) and (5) is deemed to meet those requirements if the organization and one or more nonprofit hospital and medical service organizations or foreign health service plans, in the aggregate, meet the requirements of subparagraphs (1), (2) and (5). At all times the organization's ownership interest in the health insurance affiliate must exceed the aggregate ownership interests in the health insurance affiliate owned or controlled by any persons permitted to hold ownership interests pursuant to paragraph B; [1997, c. 344, §5 (NEW) .]

B. Individuals or nonprofit and noncharitable entities owning or controlling ownership interests in the health insurance affiliate are subject to the following limitations so that only:

- (1) Up to a maximum of 25% of the ownership interests in the health insurance affiliate may be owned or controlled by individual physicians licensed to practice in this State, as long as the remaining ownership interests are owned or controlled by the organization under paragraph A, subparagraph (1), the organization and one or more organizations or foreign health service plans under paragraph A, subparagraph (2) or nonprofit charitable health care entities under paragraph C; or
- (2) Up to a maximum of 20% of the ownership interests in the health insurance affiliate, in the aggregate, may be owned or controlled by nonprofit and noncharitable entities formed by physicians licensed to practice in this State and hospitals licensed in this State for the purpose of arranging for or delivering health care, or a combination of such an entity and individual physicians licensed to practice in this State as long as the remaining ownership interests are owned or controlled by the organization under paragraph A, subparagraph (1), the organization and one or more organizations or foreign health service plans under paragraph A, subparagraph (2) or nonprofit charitable health care entities under paragraph C; [1997, c. 344, §5 (NEW) .]

C. Any ownership interests not owned or controlled by the organization under paragraph A, subparagraph (1), the organization and one or more organizations or foreign health service plans under paragraph A or persons described under paragraph B are owned or controlled by nonprofit charitable entities that qualify for federal income tax exemption under the United States Internal Revenue Code of 1986, Section 501(c)(3) or (c)(4), as amended; [1997, c. 344, §5 (NEW) .]

D. The health insurance affiliate meets the following requirements with respect to its officers, directors and employees:

(3) Notwithstanding subparagraph (1), at any time, no more than one officer of the health insurance affiliate is an individual that owns or controls an ownership interest in a health insurance affiliate, or an individual serving as an officer, director or employee of a person described in paragraph B that owns or controls an ownership interest in a health insurance affiliate;

Nothing contained in this paragraph prohibits interlocking boards of directors between or among the person described in subparagraph (1), divisions (a), (b) and (c), provided no officer, director or employee of any person described in subparagraph (1), divisions (a), (b) and (c) owns or controls an ownership interest prohibited by this paragraph; [1997, c. 344, §5 (NEW).]

E. The organization provides written notice to the superintendent at least 60 days prior to forming, acquiring, investing in or otherwise establishing a health insurance affiliate; and [1997, c. 344, §5 (NEW).]

F. At all times when the organization owns or controls an ownership interest in the health insurance affiliate, the organization or the health insurance affiliate, together or separately, does not inappropriately stratify risks. For the purpose of this paragraph, the superintendent may treat the organization and the health insurance affiliate as a single person. If the superintendent determines that this paragraph has been violated, the superintendent shall provide the organization and the health insurance affiliate with notice of the violation and a reasonable opportunity to cure the violation. [1997, c. 344, §5 (NEW).]

[1997, c. 344, §5 (NEW).]

3. Application of Title 24-A. The provisions of Title 24-A apply to a health insurance affiliate in accordance with the following:

A. A health insurance affiliate that is a health insurer is subject to all the following provisions:

(1) Title 24-A, section 222;

(2) Title 24-A, section 423-C;

(3) Title 24-A, section 425;

(4) Title 24-A, chapter 47, subchapter IV;

(5) Title 24-A, section 4614, subsections 4 and 6; and

(6) All other applicable provisions of Title 24-A; [1997, c. 344, §5 (NEW).]

B. A health insurance affiliate that is a health maintenance organization is subject to all the following provisions:

(1) Title 24-A, section 222, subsections 2 to 10 and Title 24-A, section 222, subsections 12 to 18;

- (2) Title 24-A, section 423-C;
- (3) Title 24-A, section 425;
- (4) Title 24-A, sections 3474 to 3476;
- (5) Title 24-A, section 3483; and
- (6) All other applicable provisions of Title 24-A; and [1997, c. 344, §5 (NEW).]

C. The provisions of Title 24-A, section 4214 do not apply to a health insurance affiliate. [1997, c. 344, §5 (NEW).]

[1997, c. 344, §5 (NEW) .]

4. Control. For the purposes of this section and Title 24-A, section 222, a health insurance affiliate is presumed to be controlled by the nonprofit hospital and medical service organization, notwithstanding that the organization may not have actual control. Notwithstanding that the organization is presumed to control the health insurance affiliate under this subsection, the superintendent may determine that one or more other persons also control the health insurance affiliate. The superintendent, in the superintendent's sole discretion, may determine that a health insurance affiliate is not controlled by an organization that owns or controls less than 50% of the ownership interests of a health insurance affiliate pursuant to subsection 2, paragraph A.

[1997, c. 344, §5 (NEW) .]

5. Continuing obligations; penalties. In addition to all requirements for obtaining or maintaining a certificate of authority from the superintendent under Title 24-A, a health insurance affiliate must continuously meet all requirements of this section and Title 5, section 194-A, subsection 7. The superintendent's determination that a health insurance affiliate has failed to meet the requirements of this section or Title 5, section 194-A, subsection 7 constitutes grounds for suspension or revocation of the health insurance affiliate's certificate of authority under Title 24-A, section 417 and grounds for commencement of delinquency proceedings under Title 24-A, chapter 57. Upon any such failure, the superintendent may require any person who owns or controls any ownership interest in the health insurance affiliate to dispose of that ownership interest within the later of 18 months after the date of the failure as determined by the superintendent, 18 months after the superintendent's determination that a failure has occurred or such other time as the superintendent may prescribe. The superintendent may permit one owner to dispose of its ownership interest to another owner.

[1997, c. 344, §5 (NEW) .]

6. Capital contributions. Any person who acquires any ownership interests in the health insurance affiliate shall make capital contributions in cash or the cash equivalent in proportion to that person's ownership interests in the health insurance affiliate. The superintendent, in the superintendent's sole discretion, may permit other forms of capital contributions that do not have the effect of diluting the ownership or control of the health insurance affiliate by the nonprofit hospital and medical service organization.

[1997, c. 344, §5 (NEW) .]

7. Transactions with related persons. In addition to the requirements contained under Title 24-A and other applicable law, all transactions between a health insurance affiliate and any related person must be consistent with fair market value in an arm's length transaction. For purposes of this subsection, a "related person" means:

- A. Any person who owns or controls an ownership interest in a health insurance affiliate; [1997, c. 344, §5 (NEW).]

B. Any person who is a beneficial owner, as defined in Title 24-A, section 222, subsection 2, paragraph A-1, of any ownership interest in the health insurance affiliate; [1997, c. 344, §5 (NEW).]

C. Any person who, directly or indirectly, has the power to control the management, policies or operations of the health insurance affiliate; or [1997, c. 344, §5 (NEW).]

D. Any affiliate of the health insurance affiliate or of any person described in paragraphs A to C. [1997, c. 344, §5 (NEW).]

[1997, c. 344, §5 (NEW) .]

8. Distribution of working capital and surplus. No less frequently than annually, a health insurance affiliate shall distribute to those persons who own or control any ownership interest providing for the right to receive dividends or distributions any excess working capital and surplus, subject to rules adopted and decisions issued by the superintendent. Nothing in this subsection limits the authority of the Superior Court under Title 5, section 194-A, subsection 7.

[1997, c. 344, §5 (NEW) .]

9. Investment restrictions. Any investment by a nonprofit hospital and medical service organization in a health insurance affiliate under this section is subject to all applicable investment restrictions, including, without limitation, Title 24-A, section 222 and Title 24-A, chapter 13-A. A health insurance affiliate in which an organization owns or controls 50% or more ownership interest is deemed to be a subsidiary of the organization for purposes of Title 24-A, section 1157, subsection 5, paragraph B.

[1997, c. 344, §5 (NEW) .]

10. Aggregate transactions. The superintendent may aggregate any transactions that are part of a plan or series of like transactions to determine whether those transactions comply with this section and other applicable laws.

[1997, c. 344, §5 (NEW) .]

11. Oversight. In addition to other applicable provisions of this Title and Title 24-A, any person whose domicile is outside the State that owns or controls an ownership interest in a health insurance affiliate and any affiliate of that organization:

A. Is subject to the jurisdiction of the superintendent and the courts of this State; and [1997, c. 344, §5 (NEW).]

B. Must appoint the superintendent as lawful agent for receipt of service of process. [1997, c. 344, §5 (NEW).]

[1997, c. 344, §5 (NEW) .]

12. Attorney General to intervene. In any proceeding before the superintendent involving the health insurance affiliate in which the Attorney General intervenes, the Attorney General has the right to review all documents or other information received by the superintendent or in connection with the proceeding. The Attorney General is subject to all confidentiality provisions for those documents or information that apply to the superintendent.

[1997, c. 344, §5 (NEW) .]

13. Rules. The superintendent may adopt rules to carry out the purposes of this section. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter II-A.

SECTION HISTORY

1979, c. 419, §1 (NEW). 1979, c. 663, §139 (AMD). 1983, c. 515, §3 (RP).

§2325-A. MENTAL HEALTH SERVICES COVERAGE

1. Findings. The Legislature finds that:

A. Mental illness affects nearly 170,000 Maine people each year, resulting in anguish, grief, desperation, fear, isolation and a sense of hopelessness of significant levels among victims and families; [1983, c. 515, §4 (NEW).]

B. Consequences of mental illness include the expenditure of millions of dollars of public funds for treatment and losses of millions of dollars by Maine businesses in accidents, absenteeism, nonproductivity and turnover. Excessive stress and anxiety and other forms of mental illness clearly contribute to general health problems and costs; [1983, c. 515, §4 (NEW).]

C. Typical health coverage in this State discriminates against mental illness, the victims and affected families with nonexistent or limited benefits compared to provisions for other illnesses; and [1983, c. 515, §4 (NEW).]

D. Experience in this State and several other states demonstrates that the risk of mental illness can be insured at reasonable cost and with adequate controls on quality and utilization of treatment. [1983, c. 515, §4 (NEW).]

[1983, c. 515, §4 (NEW) .]

2. Policy and purpose. The Legislature declares that it is the policy of this State to:

A. Promote equitable and nondiscriminatory health coverage benefits for all forms of illness, including mental and emotional disorders, which are of significant consequence to the health of Maine people and which can be treated in a cost-effective manner; [1983, c. 515, §4 (NEW).]

B. Assure that victims of mental and other illnesses have access to and choice of appropriate treatment at the earliest point of illness in least restrictive settings; [1983, c. 515, §4 (NEW).]

C. Assure that costs of treatment of mental illness are supported through an equitable combination of public and private responsibilities; and [1983, c. 515, §4 (NEW).]

D. Assure that the Legislature reasonably exercises its legal responsibility for insurance policy in this State by prescribing types of illnesses and treatment for which benefits shall be provided. [1983, c. 515, §4 (NEW).]

[1983, c. 515, §4 (NEW) .]

3. Definitions. For purposes of this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Day treatment services" includes psychoeducational, physiological, psychological and psychosocial concepts, techniques and processes to maintain or develop functional skills of clients, provided to individuals and groups for periods of more than 2 hours but less than 24 hours per day. [1983, c. 515, §4 (NEW).]

A-1. "Diagnostic and statistical manual" means the Diagnostic and Statistical Manual of Mental Disorders, 4th edition, published by the American Psychiatric Association. [2003, c. 20, Pt. VV, §1 (NEW); 2003, c. 20, Pt. VV, §25 (AFF).]

A-2. "Home health care services" means those services rendered by a licensed provider of mental health services to provide medically necessary health care to a person suffering from a mental illness in the person's place of residence if:

- (1) Hospitalization or confinement in a residential treatment facility would otherwise have been required if home health care services were not provided;
- (2) Hospitalization or confinement in a residential treatment facility is not required as an antecedent to the provision of home health care services; and
- (3) The services are prescribed in writing by a licensed allopathic or osteopathic physician or a licensed psychologist who is trained and has received a doctorate in psychology specializing in the evaluation and treatment of mental illness. [2003, c. 20, Pt. VV, §1 (NEW); 2003, c. 20, Pt. VV, §25 (AFF).]

B. "Inpatient services" includes a range of physiological, psychological and other intervention concepts, techniques and processes in a community mental health psychiatric inpatient unit, general hospital psychiatric unit or psychiatric hospital licensed by the Department of Health and Human Services or accredited public hospital to restore psychosocial functioning sufficient to allow maintenance and support of the client in a less restrictive setting. [1983, c. 515, §4 (NEW); 2003, c. 689, Pt. B, §6 (REV).]

B-1. "Medically necessary health care" has the same meaning as in Title 24-A, section 4301-A, subsection 10-A. [2003, c. 20, Pt. VV, §2 (NEW); 2003, c. 20, Pt. VV, §25 (AFF).]

C. "Outpatient services" includes screening, evaluation, consultations, diagnosis and treatment involving use of psychoeducational, physiological, psychological and psychosocial evaluative and interventive concepts, techniques and processes provided to individuals and groups. §2329. EQUITABLE HEALTH CARE FOR ALCOHOLISM AND DRUG DEPENDENCY TREATMENT

1. Purpose. The Legislature recognizes that alcoholism and drug dependency constitute major health problems in the State and in the Nation. The Legislature further recognizes that alcoholism is a disease and that alcoholism and drug dependency can be effectively treated. As such, alcoholism and drug dependency warrant the same attention from the health care industry as other serious diseases and illnesses. The Legislature further recognizes that health care contracts, at times, fail to provide adequate benefits for the treatment of alcoholism and drug dependency, which results in more costly health care for treatment of complications caused by the lack of early intervention and other treatment services for persons suffering from these illnesses. This situation causes a higher health care, social, law enforcement and economic cost to the citizens of this State than is necessary, including the need for the State to provide treatment to some subscribers at public expense. To assist the many citizens of this State who suffer from these illnesses in a more cost effective way, the Legislature declares that certain health care coverage providing benefits for the treatment of the illness of alcoholism and drug dependency shall be included in all group health care contracts.

[1983, c. 527, §1 (RPR) .]

A. "Outpatient care" means care rendered by a state-licensed, approved or certified detoxification, residential treatment or outpatient program, or partial hospitalization program on a periodic basis, including, but not limited to, patient diagnosis, assessment and treatment, individual, family and group counseling and educational and support services. [1983, c. 527, §1 (NEW).]

B. "Residential treatment" means services at a facility that provides care 24 hours daily to one or more patients, including, but not limited to, the following services: Room and board; medical, nursing and dietary services; patient diagnosis, assessment and treatment; individual, family and group counseling; and educational and support services, including a designated unit of a licensed health care facility providing any and all other services specified in this paragraph to patients with the illnesses of alcoholism and drug dependency. [1983, c. 527, §1 (NEW).]

C. "Treatment plan" means a written plan initiated at the time of admission, approved by a Doctor of Medicine, Doctor of Osteopathy or a Licensed Substance Abuse Counselor employed by a certified or licensed substance abuse program, including, but not limited to, the patient's medical, drug and alcoholism history; record of physical examination; diagnosis; assessment of physical capabilities; mental capacity; orders for medication, diet and special needs for the patient's health or safety and treatment, including medical, psychiatric, psychological, social services, individual, family and group counseling; and educational, support and referral services. [1987, c. 735, §41 (AMD).]

§2332. ASSESSMENT FOR THE RECOUPMENT OF EXPENSES RELATED TO THE REGULATION OF NONPROFIT HOSPITAL OR MEDICAL SERVICE ORGANIZATIONS AND NONPROFIT HEALTH CARE PLANS

The Superintendent of Insurance shall levy an assessment annually upon nonprofit hospital or medical service organizations and nonprofit health care plans licensed to do business in this State in proportion to their respective subscription income derived from business operations in this State during the year ending December 31st immediately preceding the fiscal year for which assessment is made. The annual assessment upon all hospital or medical service organizations and health care plans must be applied to the budget of the bureau for the fiscal year commencing July 1st. For any biennial period, total assessment must be in an

amount not exceeding .00015 of subscription income. When the superintendent calculates the amount of the annual assessment, the superintendent shall consider, among other factors, the staffing level required to administer the nonprofit health care regulatory program of the bureau. [1991, c. 334, §1 (AMD) .]

1. Expense of examination. The expense of examination of any corporation described in section 2301 shall continue to be borne by the corporation examined. The expense of examination consistent with section 2307 shall not be considered when determining the assessment for the recoupment of expenses related to the nonprofit health care regulatory program of the bureau.

[1985, c. 446, §1 (NEW) .]

2. Subscription income. Based on the annual statement filed by each nonprofit hospital or medical service organization or health care plan pursuant to section 2306, the superintendent shall ascertain the amount of subscription income received in that year. For the purpose of this section only, "subscription income" means and includes subscription premium and other considerations received by hospital or medical service organizations and health care plans, on account of certificates or contracts covering risks located, resident or to be performed in this State, after deducting subscription or other contract consideration returns. "Subscription income" does not include direct gross written premium used to calculate the assessment, pursuant to Title 24-A, section 237, for a health maintenance organization operated and organized as a division or line of business of a nonprofit hospital or medical or health care service organization.

[1997, c. 79, §1 (AMD) .]

3. Minimum assessment. In any year in which a nonprofit hospital or medical service organization or health care plan has no subscription income derived from business operations in this State, or in which subscription income is not sufficient to produce at the rate prescribed an amount equal to or in excess of \$100, the minimum assessment payable shall be \$100.

[1985, c. 446, §1 (NEW) .]

4. Notification of assessment. On or before July 1st of each year, the superintendent shall forward to each nonprofit hospital or medical service organization and health care plan an itemized bill of the amount due for the annual assessment, the amount due for the filing of the annual statement and the amount due for the certificate of authority annual fee pursuant to Title 24-A, section 601.

[1997, c. 592, §6 (AMD) .]

5. Time of payment. Payment for the annual assessment, the annual statement filing fee and the annual fee must be made on or before August 10th.

[1997, c. 592, §6 (AMD) .]

6. Revocation or suspension. If the assessment, annual statement filing fee or annual fee is not paid to the superintendent on or before the prescribed date, the certificate of authority of any nonprofit hospital or medical service organization or health care plan to transact business in this State may be revoked or suspended by the superintendent, after a hearing thereon or upon waiver of hearing by the nonprofit hospital or medical service organization or health care plan, until the assessment is paid.

[1997, c. 592, §7 (AMD) .]

7. Recalculation of assessment. Immediately following the close of the fiscal year ending June 30, 1987, and at the close of each 2nd succeeding fiscal year, the superintendent shall recalculate the assessment made against each party assessed after giving recognition to actual expenditures for the nonprofit health care regulatory program of the bureau during the preceding biennial period. On or before October 1st, the superintendent shall render to each party assessed a statement showing the difference between their

respective recalculated assessment and the amount they had paid with respect to the preceding biennium. Any overpayment of annual assessment resulting from complying with the requirements of this section shall be refunded or, at the option of the assessed party, applied as a credit against the assessment for the succeeding fiscal year. Any overpayment of \$100 or less shall be applied as a credit against the assessment for the succeeding fiscal year.

[1985, c. 446, §1 (NEW) .]

8. Deposit with Treasurer of State. The superintendent shall deposit all payments made pursuant to this section with the Treasurer of State. The money shall be used for the sole purpose of recouping the expenses related to the nonprofit health care regulatory program of the Bureau of Insurance.

§2332-A. COORDINATION OF BENEFITS

1. Authorization. Provisions contained in group and nongroup nonprofit hospital, medical service or health care subscriber contracts relating to coordination of benefits payable under the contract and under other plans of insurance or of health care coverage under which the subscriber or the subscriber's dependents may be covered must conform to rules adopted by the superintendent. The rules may establish uniformity in the permissive use of coordination of benefits provisions to ensure that the subscriber receives full benefits for covered medical services, to enhance cost containment through avoidance of windfall payments and to avoid claim delays and misunderstandings that otherwise result from the use of inconsistent or incompatible provisions among the several insurers and nonprofit hospital, medical service and health care plans.

[1993, c. 666, Pt. B, §1 (NEW) .]

1-A. Coordination with Medicare. Coordination of benefits is governed by the following provisions.

A. The contract may not coordinate benefits with Medicare Part A unless:

- (1) The insured is enrolled in Medicare Part A;
- (2) The insured was previously enrolled in Medicare Part A and voluntarily disenrolled;
- (3) The insured stated on an application or other document that the insured was enrolled in Medicare Part A; or
- (4) The insured is eligible for Medicare Part A without paying a premium and the contract states that it will not pay benefits that would be payable under Medicare even if the insured fails to exercise the insured's right to premium-free Medicare Part A coverage. [1997, c. 604, Pt. G, §1 (NEW).]

B. The contract may not coordinate benefits with Medicare Part B unless:

- (1) The insured is enrolled in Medicare Part B;
- (2) The insured was previously enrolled in Medicare Part B and voluntarily disenrolled;
- (3) The insured stated on an application or other document that the insured was enrolled in Medicare Part B; or
- (4) The insured is eligible for Medicare Part A without paying a premium and the insurer provided prominent notification to the insured both when the contract was issued and, if applicable, when the insured becomes eligible for Medicare due to age. The notification must state that the contract will not pay benefits that would be payable under Medicare even if the insured fails to enroll in Medicare Part B. [1997, c. 604, Pt. G, §1 (NEW).]

C. Coordination is not permitted with Medicare coverage for which the insured is eligible but not enrolled except as provided in paragraphs A and B. [1997, c. 604, Pt. G, §1 (NEW).]

[1997, c. 604, Pt. G, §1 (NEW) .]

2. Medicaid and Cub Care programs. Nonprofit service organizations may not consider the availability or eligibility for medical assistance under 42 United States Code, Section 13969, referred to as "Medicaid," or Title 22, section 3174-T, referred to as the "Cub Care program," when considering coverage eligibility or benefit calculations for subscribers and covered family members.

A. To the extent that payment for coverage expenses has been made under the Medicaid program or the Cub Care program for health care items or services furnished to an individual, the State is considered to have acquired the rights of the covered subscriber or family member to payment by the nonprofit service organization for those health care items or services. Upon presentation of proof that the Medicaid program or the Cub Care program has paid for covered items or services, the nonprofit service organization shall make payment to the Medicaid program or the Cub Care program according to the coverage provided in the contract or certificate. [1997, c. 777, Pt. B, §1 (AMD).]

B. A nonprofit service organization may not impose requirements on a state agency that has been assigned the rights of an individual eligible for Medicaid or Cub Care coverage and covered by a subscriber contract that are different from requirements applicable to an agent or assignee of any other covered individual. [1997, c. 777, Pt. B, §1 (AMD).]

[2005, c. 683, Pt. A, §38 (AMD) .]

3. Credit toward deductible. When an insured is covered under more than one expense-incurred health plan, payments made by the primary plan, payments made by the insured and payments made from a health savings account or similar fund for benefits covered under the secondary plan must be credited toward the deductible of the secondary plan. This subsection does not apply if the secondary plan is designed to supplement the primary plan.

§2332-B. ACQUIRED IMMUNE DEFICIENCY SYNDROME

1. Definitions. As used in this section, "HIV" and "antibody to HIV" have the same meanings as set out in Title 5, section 19201.

[1991, c. 3, §2 (NEW) .]

2. Prohibitions. No individual or group hospital, medical or health care service contract delivered or issued for delivery in this State, other than a contract that provides benefits for specific diseases or accidental injuries only, may provide more restrictive coverage for Acquired Immune Deficiency Syndrome, or AIDS, AIDS Related Complex, or ARC, HIV-related diseases or for related services, than for any other disease or sickness, or exclude coverage for AIDS, ARC or HIV-related diseases, except through an exclusion under which all diseases and sicknesses are treated equally.

[1991, c. 3, §2 (NEW) .]

3. Test results. No nonprofit hospital or medical services organization or nonprofit health care plan may request any person to reveal whether the person has obtained a test for the presence of antibodies to HIV or a test to measure the virus or to reveal the results of such tests taken prior to an application for coverage.

(REALLOCATED FROM TITLE 24, SECTION 2332-J)

1. Definitions. As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Perioperative nursing" means a practice of nursing in which the nurse provides preoperative, intraoperative and postoperative nursing care to surgical patients. [1999, c. 1, §31 (RAL) .]

B. "Recognized program" means a program that addresses all content of the core curriculum for registered nurse first assistants as established by the Association of Operating Room Nurses or its successor organization. [1999, c. 1, §31 (RAL) .]

C. "Registered nurse first assistant," or "RNFA," means a person who:

- (1) Is licensed as a registered nurse under Title 32, chapter 31;
- (2) Is experienced in perioperative nursing; and
- (3) Has successfully completed a recognized program. [1999, c. 1, §31 (RAL) .]

[1999, c. 1, §31 (RAL) .]

2. Institutional powers. Each health care institution, as defined in Title 22, chapter 405, may establish specific procedures for the appointment and reappointment of registered nurse first assistants and for granting, renewing and revising their clinical privileges.

[1999, c. 1, §31 (RAL) .]

3. Required coverage for services. Notwithstanding any other provisions of this chapter, a nonprofit hospital and medical service organization that issues individual and group health care contracts that provide coverage for surgical first assisting benefits or services shall provide coverage and payment under those contracts to a registered nurse first assistant who performs services that are within the scope of a registered

nurse first assistant's qualifications. The provisions of this subsection apply only if reimbursement for an assisting physician would be covered and a registered nurse first assistant who performed those services is used as a substitute.

[1999, c. 1, §31 (RAL) .]

4. Limits; coinsurance; deductibles. Any contract that provides coverage for the services required by this section may contain provisions for maximum benefits and coinsurance and reasonable limitations, deductibles and exclusions to the extent that these provisions are not inconsistent with the requirements of this section.

[1999, c. 1, §31 (RAL) .]

5. Application. The requirements of this section apply to all policies, contracts and certificates executed, delivered, issued for delivery, continued or renewed in this State. §2332-M. COVERAGE FOR GENERAL ANESTHESIA FOR DENTISTRY

1. Enrollee defined. For the purposes of this section, unless the context otherwise indicates, "enrollee" means a person who is covered under an individual or group health insurance contract provided by a nonprofit hospital and medical service organization.

[2001, c. 423, §1 (NEW); 2001, c. 423, §5 (AFF) .]

2. General anesthesia and associated facility charges. All individual and group nonprofit hospital and medical service organization contracts must provide coverage for general anesthesia and associated facility charges for dental procedures rendered in a hospital when the clinical status or underlying medical condition of an enrollee requires dental procedures that ordinarily would not require general anesthesia to be rendered in a hospital. The nonprofit hospital and medical service organization may require prior authorization of general anesthesia and associated charges required for dental care procedures in the same manner that prior authorization is required for other covered diseases or conditions.

[2001, c. 423, §1 (NEW); 2001, c. 423, §5 (AFF) .]

3. Limitations on coverage. This section applies only to general anesthesia and associated facility charges for only the following enrollees if the enrollees meet the criteria in subsection 2:

A. Enrollees, including infants, exhibiting physical, intellectual or medically compromising conditions for which dental treatment under local anesthesia, with or without additional adjunctive techniques and modalities, can not be expected to provide a successful result and for which dental treatment under general anesthesia can be expected to produce a superior result; [2001, c. 423, §1 (NEW); 2001, c. 423, §5 (AFF).]

B. Enrollees demonstrating dental treatment needs for which local anesthesia is ineffective because of acute infection, anatomic variation or allergy; [2001, c. 423, §1 (NEW); 2001, c. 423, §5 (AFF).]

C. Extremely uncooperative, fearful, anxious or uncommunicative children or adolescents with dental needs of such magnitude that treatment should not be postponed or deferred and for whom lack of treatment can be expected to result in dental or oral pain or infection, loss of teeth or other increased oral or dental morbidity; and [2001, c. 423, §1 (NEW); 2001, c. 423, §5 (AFF).]

D. Enrollees who have sustained extensive oral-facial or dental trauma for which treatment under local anesthesia would be ineffective or compromised. [2001, c. 423, §1 (NEW); 2001, c. 423, §5 (AFF).]

[2001, c. 423, §1 (NEW); 2001, c. 423, §5 (AFF).]

4. Dental procedures and dentist's fee not covered. This section does not require a nonprofit hospital and medical service organization to cover any charges for the dental procedure itself, including, but not limited to, the professional fee of the dentist. Coverage for anesthesia and associated facility charges pursuant to this section is subject to all other terms and conditions of the individual or group contract that apply generally to other benefits.

[2001, c. 423, §1 (NEW); 2001, c. 423, §5 (AFF).]

5. Coordination of benefits with dental insurance. If an enrollee eligible for coverage under this section is also eligible for coverage for general anesthesia and associated facility charges under a dental insurance policy or contract, the nonprofit health care service organization or insurer providing dental insurance is the primary payer responsible for those charges and the nonprofit hospital and medical service organization is the secondary payer.

[2001, c. 423, §1 (NEW); 2001, c. 423, §5 (AFF).]

6. Application. The requirements of this section apply to all policies, contracts and certificates executed, delivered, issued for delivery, continued or renewed in this State. For purposes of this section, all contracts are deemed to be renewed no later than the next yearly anniversary of the contract date.
